PROFILE

I have recently completed the General Assembly Web Development Immersive course and as result have become driven to build a career in digital development, using my newly gained skills.

I am ambitious, hard working and enjoy solving problems with creative ideas. I am self-motivated and can work independently but am also effective working within the dynamics of a collaborative environment. My ideal role would be as a junior full stack developer within a team where I can apply my experience from GA to create web and mobile applications.

EXPERIENCE

GENERAL ASSEMBLY, London
WEB DEVELOPMENT IMMERSIVE
Jun – Sept 2014
Three-month, full time course covering the basics of front and back end coding. Ranging from basic Ruby, HTML, CSS, and version control to advanced Ruby on Rails, Responsive Design, JavaScript and several associated libraries. My projects ranged from a simple Tic Tac Toe game to a mobile GPS ski tracking app where I taught my self D3.js and extensively used JavaScript and AJAX to create a mapping system.

LE SKI, VAL D'ISERE, France

CHALET HOST
Nov 2013 – May 2014
Full time chalet host for 6 months in Val d'Isere, managing a private catered chalet, looking after the needs of at least 14 guests, providing them with three cooked meals a day, six days a week. Skills required included time management, diplomacy, client orientation and being calm and discreet with a friendly and upbeat manner at all times.

THE ROYAL GEOGRAPHICAL SOCIETY, London
INTERNSHIP
July - August 2012
As a full time researcher and contributor to the RGS London 2012 online Olympic portfolio, I created portfolios for Britain's key landscapes and significant areas associated with Olympic venues. This was undertaken in conjunction with the studying of maps for sponsored expeditions, including the Arctic Expedition for Sir Ranulph Fiennes.

EDUCATION   General Assembly, London
June – Sept 2014

University of Newcastle-Upon-Tyne
2010 - 2013
2:1 Degree BA Geography

The Harrodian School, London
2002 – 2010
3 A Levels (including one additional AS Level)
10 GSCEs
Gold Duke of Edinburgh
Prefect, Rugby Vice-Captain

INTERESTS   I love coding, but I can get drawn in and hooked; so traveling, playing sport and cooking allow me to stay connected with others around me whilst also doing things that I enjoy. I am also an active member of LRUG and look forward to attending the TechCrunch Disrupt Hackathon and be even more involved in the community.
